

HELLO!

THANK YOU FOR CHOOSING TO STAY WITH US - AND BRINGING YOUR FOUR-LEGGED FRIEND(S) ALONG TOO!

We'd be grateful if you could familiarise yourself with our dog owner requests, so everyone staying with us, has an enjoyable stay:

First up - We are dog owners ourselves, and know what it's like to travel with a dog. In our business, we also have non-dog owners/likers staying in these retreats too. *So please read our requests below so that we can keep our retreats lovely for everyone.*

+ We've put a cover on the sofa so your dog can sit / sleep on it. It's there to protect our sofa, help with cleaning (it really takes a long time to get rid of dog hairs from it) and to reduce dirt. Please don't remove it, and please put it back on if it becomes loose

+ We know its hard to keep your dog off the bed if they're used to sleeping with you. We've provided a large BLUE blanket to place on top of the bedsheets. We do ask that they **don't get in** the bed please - as again, the bed needs to be used by others after you!

+ Towels are provided to clean off excess mud and dirt after wonderful walks. There is an outdoor hot dog shower in the garden - this can be used for muddy boots and muddy dogs.

+ Please clean up after your dog! Poo bags are provided. It's not nice for us, or our housekeeping team, to have to clean up after your dog. Please be considerate: bag the poo and pop it in the **black lidded bin by the bike shed near The Foaling Box.** *If we do find dog poo that we need to clean up there is a £20 charge that will be taken from your security deposit.*
Thank you for your understanding on this.

+ *The meadow and paddock that you can see from your garden are ours - do enjoy them! Leave your retreat by your garden gate.*

PTO

+ Please be aware that all retreats are dog friendly. There may be another dog(s) in the other retreats. Please pop your dog on a lead if you think that there may be any issues. You are responsible for your dogs behaviour. Thank you!

+ **Please note;** dogs should not be left unattended either inside the retreat or in the gardens. Even if your dog is used to being left at home, they can become distressed in unfamiliar surroundings. We have had dogs barking and disturbing other guests, plus chewing the furniture - so please be understanding of this request.

You'll also see our very friendly dog Hendrix (LEFT) around and about too. He's really friendly and very used to having many dogs stay with us.

DID SOMEONE SAY WALKIES?

+ An easy off lead walk taking around 40 minutes can be found straight from your garden.... Out of your gate, across to the orchard, walk up our paddock to the gate at the top. Turn right and follow the footpath through the woods. You'll see an opening on the right with a bench and a large wide footpath across a field. Follow that and bear round to the right at the end of the field and walk towards Cromer Windmill.

+ We highly recommend using the free website [Footpathmap.co.uk](https://www.footpathmap.co.uk) so you can fully explore the area. It tracks where you are and shows you all the Footpath options around us and is UK wide.

+ Remember to always close gates after you, and only stick to the legal footpaths marked.

+ There are some wonderful Doggie treats & gifts in our Honesty Larders too - so you can all remember your time with us! Prices can be found on the tablet.

We really hope you enjoy your stay with us! Be sure to share pictures!
